

JEAMINERAL BOARD-ACOUSTIC CEILING TYPE

classic fine surface

Recommended area

Conference Room

School

Hall

Features

- Economical panel with good performance.
- Non-directional pattern makes it easy to install
- High light reflectance
- Good sound absorption
- Asbestos free

Physical data

Raw materials

Wet formed mineral fiber

Surface finish

Factory applied emulsion paint

Weight

3.15 ± 0.15 kg/m²

0.64 ± 0.12 lb/sf

Insulation value

16mm: Average R Factor-1.8(Imperial)
Factor-0.32(Metric)

Fire resistance*

Class A: Flame spread 25 or under ASTM E84

Class 0: Britain standard BS476 part6&7

ASTM E1264 classification

Type III, Form 2, Pattern CDE

JEAMAXX®
LIGHT STEEL FRAMES
